PROCLAMATION

- Whereas:** Behavioral health is an essential part of health and one's overall wellness; and
- Whereas:** Prevention of mental and/or substance use disorders works, treatment is effective, and people recover in our area and around the Nation; and

- Whereas:** People in recovery achieve healthy lifestyles, both physically and emotionally, and contribute in positive ways to their communities; and
- Whereas:** We must encourage relatives and friends of people with mental and/or substance use disorders to implement preventive measures, recognize the signs of a problem, and guide those in need to appropriate treatment and recovery support services; and
- Whereas:** In 2010, 2.6 million people received specialty treatment for a substance use disorder and more than 31.3 million adults aged 18 or older received services for mental health problems, according to the *2010 National Survey on Drug Use and Health*.
